# MAKE YOUR MARK AGAINST BLOOD CANCER ON 28 MAY

Show your solidarity and help spread the word

Every 35 seconds, someone somewhere in the world is diagnosed with a blood cancer. DKMS World Blood Cancer Day aims to raise awareness and show solidarity with those affected by a blood cancer or blood disorder.

Make your mark by sharing the & symbol and join us in the fight against blood cancers and blood disorders.

Find out more at [worldbloodcancerday.org](http://worldbloodcancerday.org) or by following the hashtag [#wbcd](https://twitter.com/wbcd) on social media.

Over 8 million people worldwide are registered as potential lifesavers with DKMS. Join them today!

Every day, DKMS helps give an average of 19 people a second chance at life. However, many people are still unable to find a matching donor. Our goal is to find a match for everyone in need of a blood stem cell donation.

By registering as a potential lifesaver, you will increase the worldwide pool of available blood stem cell donors. If you are found to be a match, you could give someone around the world a second chance at life.

Find out more about registration at [worldbloodcancerday.org](http://worldbloodcancerday.org).
